<b>Intro with music</b>	GIVING YOU THE EDGE ON HEALTHY LIVING, HERE'S MAYO CLINIC'S MEDICAL EDGE.
	YOU'VE HEARD THAT A WOMAN HAS A ONE IN EIGHT CHANCE OF DEVELOPING BREAST CANCER OVER HER LIFETIME. YOU MAY EVEN KNOW THAT IT'S THE MOST COMMON FORM OF CANCER IN WOMEN. BUT DID YOU KNOW WOMEN AREN'T THE ONLY ONES AT RISK FROM THIS DISEASE?
<b>Al Moreno, M.D. Track 6 (13:47)</b>	"OFTEN THIS IS OVERLOOKED BECAUSE PEOPLE DON'T THINK THAT MEN CAN GET BREAST CANCER."
	IN FACT, MAYO CLINIC DR. ALVARO MORENO SAYS CLOSE TO 2-

	THOUSAND MEN ARE DIAGNOSED WITH BREAST CANCER EVERY YEAR. THAT'S ABOUT ONE-PERCENT OF ALL NEW BREAST CANCER CASES.
<b>Dr. Moreno</b> <b>Track 6 (15:10)</b>	“WE DO TREAT THEM VERY SIMILARLY. THEY DO UNDERGO SURGERY. THEY DO RECEIVE CHEMOTHERAPY AS WELL.”
	AND BECAUSE THE VAST MAJORITY OF MALE BREAST CANCER CASES ARE WHAT'S CALLED HORMONE RECEPTOR POSITIVE, DR. MORENO SAYS HORMONE THERAPY, TYPICALLY THE DRUG TAMOXIFEN IS ALSO OFFERED.
	FOR MORE INFORMATION, TALK TO YOUR DOCTOR OR VISIT <a href="http://MAYOCLINIC.ORG">MAYOCLINIC.ORG</a> . I'M VIVIEN WILLIAMS.
