Intro with music	GIVING YOU THE EDGE ON HEALTHY LIVING, HERE'S MAYO CLINIC'S MEDICAL EDGE.
Michael Jensen, M.D. Track 5 (2:32)	"IF IT'S NOT AN EPIDEMIC NOW, THE WORRY IS IT'S GOING TO BE."
	DIABETES. IT'S A TIDE THAT DR. MICHAEL JENSEN AND HIS COLLEAGUES AT MAYO CLINIC ARE TRYING HARD TO TURN. IT STARTS WITH TRYING TO BETTER UNDERSTAND HOW THE BLOOD SUGAR OF SOMEONE WITH DIABETES GOES FROM NORMAL TO ABNORMAL. AND ONCE IT IS ABNORMAL WHAT CAN WE DO ABOUT IT.
Dr. Jensen Track 5 (:35)	"CAN YOU TAKE INSULIN PRODUCING CELLS FROM ONE

	<p>PERSON AND PUT THEM INTO ANOTHER PERSON TO CORRECT THEIR DIABETES? OR PURIFY THEM AND PUT THEM BACK INTO THE SAME PERSON?"</p>
	<p>WORK IS ALSO UNDER WAY TO FIND WAYS TO PREVENT OBESITY AND THE UNHEALTHY KINDS OF FAT THAT APPEAR TO PRE-DISPOSE SOMEONE TO DIABETES. UNTIL WE KNOW THE ANSWERS TO THESE AND OTHER QUESTIONS, DR. JENSEN HAS THIS ADVICE. STAY ACTIVE AND WATCH WHAT YOU EAT, TO HELP YOU REACH AND MAINTAIN A HEALTHY WEIGHT.</p>
	<p>FOR MORE INFORMATION, TALK TO YOUR DOCTOR OR VISIT MAYOCLINIC.ORG. I'M VIVIEN WILLIAMS.</p>
