Intro with music	GIVING YOU THE EDGE ON HEALTHY LIVING, HERE'S MAYO CLINIC MEDICAL EDGE.
	WHEN YOU NEED SURGERY, YOU WANT TO MAKE SURE YOU'RE IN THE BEST HANDS POSSIBLE, RIGHT? BUT DID YOU KNOW THAT IN SOME OPERATIONS THE SURGEON'S HANDS MAY NEVER TOUCH YOU. INSTEAD, THEY'RE IN CONTROL OF A ROBOT. INCISIONS ARE SMALLER SO THERE CAN BE LESS PAIN, LESS BLEEDING AND A QUICKER RECOVERY.
Daniel Elliott, M.D. Track 2 (9:15)	"THERE'S NO QUESTIONS THAT THERE'S ADVANTAGES TO IT."
	BUT MAYO CLINIC DR. DANIEL ELLIOTT ADVISES PATIENTS TO

	<p>CONSIDER THEIR OPTIONS CAREFULLY AND NOT RUSH A DECISION JUST BECAUSE IT'S NEW TECHNOLOGY.</p>
<p>Dr. Elliott Track 2 (8:35)</p>	<p>“THEY SHOULD MAKE SURE THEIR SURGEON KNOWS WHAT THEY’RE DOING BECAUSE DEVASTING CONSEQUENCES CAN HAPPEN FROM A GOOD SURGERY PERFORMED POORLY REGARDLESS WHETHER IT’S TRADITION INCISION SURGERY OR ROBOTICS.”</p>
	<p>STILL, DR. ELLIOTT IS EXCITED, NOT ONLY ABOUT THE ADVENT OF ROBOTICS BUT THE INNOVATIONS THEY MAY SPAWN DOWN THE ROAD.</p>
	<p>FOR MORE INFORMATION, TALK TO YOUR DOCTOR OR VISIT MAYOCLINIC.ORG. I’M VIVIEN WILLIAMS.</p>
