Intro with music	GIVING YOU THE EDGE ON HEALTHY LIVING, HERE'S MAYO CLINIC'S MEDICAL EDGE.
	AT FIRST THE SYMPTOMS OF DEMENTIA WERE SUBTLE. BUT THE EVENTS OF ONE EVENING WOULD CHANGE COY AND JEANNE REPLOGLE'S LIVES FOREVER.
Jeanne Gibbs Replogle, Coy's wife	"HE DIDN'T KNOW HOW TO ORDER FROM THE MENU. HE DIDN'T KNOW WHAT TO DO WITH THE SALT AND PEPPER."
	WORSE YET, COY DIDN'T RECOGNIZE JEANNE AFTER 31 YEARS OF MARRIAGE.
Coy Replogle, Patient	"I HAD NO IDEA WE WERE MARRIED, OR THAT I WAS SICK."

	JEANNE FEARED ALZHEIMER'S. BUT BECAUSE OF COY'S SYMPTOMS, DOCTORS DIAGNOSED ANOTHER FORM OF DEMENTIA. LEWY BODY DISEASE OR LBD. MAYO CLINIC DR. BRAD BOEVE SAYS SOME PATIENTS WITH LBD CAN RESPOND DRAMATICALLY TO MEDICATIONS.
Brad Boeve, M.D.	"NOT ONLY COGNITION CAN IMPROVE, BUT HALLUCINATIONS AND DELUSIONS CAN SIGNIFICATLY DECREASE."
	ALLOWING PATIENTS LIKE COY TO GO FROM NEEDING CARE 24/7 TO LIVING A FULL AND HAPPY LIFE.
	FOR MORE INFORMATION, TALK TO YOUR DOCTOR OR VISIT MAYOCLINIC.ORG. I'M VIVIEN WILLIAMS.
